

Airport Fast Track Statement Credit

Each Executive Explorer Cardholder may receive up to a \$100 USD¹ statement credit per account every four years, which starts on the first qualified transaction date, in connection with either the TSA Pre✓[®],² Global Entry, Nexus or Trusted Traveller³ program application fee. To qualify, you must use your Executive Explorer credit card to pay the application fee. Allow up to 4 weeks from qualifying, for the statement credit to post to your account. Statement credits on Mastercard accounts will be applied based on the promotion posting date, not the posting date of the transaction. Visa statement credits will be applied based on the posted transaction date. Cardholder is responsible for payment of all charges until the statement credit posts to his/her account. If you apply for more than one program, credit will be applied to the fee that posts to the account first. Any remaining promotion balance will be applied to the subsequent transaction(s). The account must be open and not in default at the time of statement credit fulfillment. No retroactive credit will be given. No roll-over of credits will be given. Benefit amount is not negotiable. [Additional terms and conditions apply.](#)

TSA Pre✓[®] is a U.S. Government program, operated by the U.S. Transportation Security Administration (TSA).
