STATEMENT OF CASH FLOWS FOR THE FINANCIAL PERIOD 30 JUNE 2024

Ren/1000 Ren/1000
--

NOTES TO THE FINANCIAL STATEMENTS FOR 30 JUNE 2024

1 BASIS OF PREPARATION

The unaudited condensed interim financial statements of the Bank have been prepared in accordance with the requirements of Malaysian Financial Reporting Standard ("MFRS") 134 "Interim Financial Reporting" issued by the Malaysian Accounting Standards Board ("MASB").

The unaudited condensed interim financial statements should be read in conjunction with the Bank's audited financial statements for the financial year ended 31 December 2023. The explanatory notes attached to the unaudited condensed interim financial statements provide an explanation of events and transactions that are significant for an understanding of the changes in the financial position and performance of the Bank since the financial year ended 31 December 2023.

The unaudited condensed interim financial statements have been prepared under the historical cost convention. The accounting policies and methods of computation applied in the unaudited condensed interim financial statements are consistent with those adopted in the most recent audited financial statements for the year ended 31 December 2023, except as follows:

NEW AND AMENDED STANDARDS ADOPTED BY THE BANK

Effective for annual periods beginning on 1 January 2023.

Amendments to MFRS 112 'Deferred Tax related to Assets and Liabilities arising from a Single Transaction' (effective 1 January 2023)

This standard clarify that the initial exemption rule does not apply to transactions where both an asset and a liability are recognised at the same time such as leases and decommissioning obligations. Accordingly, the Bank is required to recognise both deferred tax assets and liabilities for all deductible and taxable temporary differences arising from such transactions.

The adoption of this standard does not have any significant impact to the Bank.

Amendments to MFRS 101, MFRS Practice Statement 2 and MFRS 108 on disclosure of accounting policies and definition of accounting estimates (effective 1 January 2023)

Amendments on disclosure of accounting policies

The amendments to MFRS 101 require companies to disclose material accounting policies rather than significant accounting policies. Entities are expected to make disclosure of accounting policies specific to the entity and not generic disclosures on MFRS applications. The amendment explains an accounting policy is material if, when considered together with other information included in an entity's financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. Also, accounting policy information is expected to be material if, without it, the users of the financial statements would be unable to understand other material information in the financial statements.

Accordingly, immaterial accounting policy information need not be disclosed. However, if it is disclosed, it should not obscure material accounting policy information. MFRS Practice Statement 2 was amended to provide guidance on how to apply the concept of materiality to accounting policy disclosures.

Amendments on definition of accounting estimates

The amendments to MFRS 108, redefined accounting estimates as "monetary amounts in financial statements that are subject to measurement uncertainty". To distinguish from changes in accounting policies, the amendments clarify that effects of a change in an input or measurement technique used to develop an accounting estimate is a change in accounting estimate, if they do not arise from prior period errors. Examples of accounting estimates include expected credit losses; net realisable value of inventory; fair value of an asset or liability; depreciation for property, plant and equipment; and provision for warranty obligations.

The adoption of this standard did not have any significant impact to the Bank.

NOTES TO THE FINANCIAL STATEMENTS FOR 30 JUNE 2024

MFRS 17 Insurance Contracts

MFRS 17 introduces consistent accounting for all insurance contracts based on a current measurement model. Under MFRS 17, the general model requires entities to recognise and measure a group of insurance contracts at: (i) a risk-adjusted present value of future cash flows that incorporates information that is consistent with observable market information; plus (ii) an amount representing the unearned profit in the group of contracts.

The adoption of this standard did not have any significant impact to the Bank.

Amendments to MFRS 17 Insurance Contracts

The amendments are designed to minimise the risk of disruption to implementation already underway and do not change the fundamental principles of the standard or reduce the usefulness of information for investors. In addition, the amendments also defer the effective date of MFRS 17 by two years to annual reporting periods beginning on or after 1 January 2023.

The adoption of this standard did not have any significant impact to the Bank.

Extension of the Temporary Exemption from Applying MFRS 9 (Amendments to MFRS 4 Insurance Contracts)

The amendments extend the expiry date for the temporary exemption from applying MFRS 9 Financial Instruments by two years to annual periods beginning on or after 1 January 2023, to be aligned with the effective date of MFRS 17, which replaces MFRS 4.

In order to avoid the temporary accounting mismatches between financial assets and insurance contract liabilities in the comparative information presented on initial application of MFRS 17 and MFRS 9, the amendment provides an option for the presentation of comparative information about financial assets as if the classification and measurement requirements of MFRS 9 had been applied to that financial asset.

The adoption of this standard did not have any significant impact to the Bank.

International Tax Reform - Pillar Two Model Rules (Amendments to MFRS 112 Income Taxes)

In December 2021, the Organisation for Economic Co-operation and Development (OECD) issued model rules for a new global minimum tax framework, also known as the 'Pillar Two' rules. On 23 May 2023, the IASB published International Tax Reform—Pillar Two Model Rules — Amendments to IAS 12. The standard introduced a mandatory temporary exception to the accounting for deferred taxes arising from the jurisdictional implementation of the Pillar Two model rules, which was effective immediately. The Bank has adopted the mandatory temporary exception.

Pillar Two legislation has been enacted in Malaysia and is effective 1 January 2025.

The Bank is in the process of assessing the full impact of this rule.

STANDARDS AND AMENDMENTS TO EXITING STANDARDS BUT NOT YET EFFECTIVE

Amendments to MFRS 16 'Lease Liability in a Sale and Leaseback' (effective 1 January 2024)

The amendments specify the measurement of the lease liability arises in a sale and leaseback transaction that satisfies the requirements in MFRS 15 'Revenue from Contracts with Customers' to be accounted for as a sale. In accordance with the amendments, the seller-lessee shall determine the "lease payments" or "revised lease payments" in a way that it does not result in the seller-lessee recognising any amount of the gain or loss that relates to the right of use it retains.

The amendments shall be applied retrospectively to sale and leaseback transactions entered into after the date when the seller-lessee initially applied MFRS 16.

The adoption of this amendment is not expected to have any significant impact to the Bank.

NOTES TO THE FINANCIAL STATEMENTS FOR 30 JUNE 2024

Amendments to MFRS 101 'Classification of liabilities as current or noncurrent' with Covenants (effective 1 January 2024)

This standard clarify that a liability is classified as noncurrent if an entity has a substantive right at the end of the reporting period to defer settlement for at least 12 months after the reporting period. If the right to defer settlement of a liability is subject to the entity complying with specified conditions (for example, debt covenants), the right exists at the end of the reporting period only if the entity complies with those conditions at that date. The amendments further clarify that the entity must comply with the conditions at the end of the reporting period even if the lender does not test compliance until a later date.

The assessment of whether an entity has the right to defer settlement of a liability at the reporting date is not affected by expectations of the entity or events after the reporting date.

The amendments shall be applied retrospectively. The adoption of this standard is not expected to have any significant impact to the Bank.

Supplier Finance Arrangements (Amendments to MFRS 107 Statement of Cash Flows and MFRS 7 Financial Instruments: Disclosures) (effective 1 January 2024)

The amendments require entities to disclose information that would enable users of financial statements to assess the effects of supplier finance arrangements on an entity's liability, cash flows and exposures to liquidity risk.

The adoption of this standard is not expected to have any significant impact to the Bank.

Lack of Exchangeability (Amendments to MFRS 121 The Effects of Changes in Foreign Exchange Rates) (effective 1 January 2025)

The amendments provide guidance on the spot exchange rate to use when a currency is not exchangeable into another currency and the disclosures entities need to provide to enable users of financial statements to understand the impact of a currency not being exchangeable.

The adoption of this standard is not expected to have any significant impact to the Bank.

Amendments to MFRS 10 Consolidated Financial Statements and MFRS 128 Investments in Associates and Joint Ventures - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - (effective date has been deferred, pending further announcement)

The amendments clarify that a full gain or loss is recognised when a transaction involves a business (whether it is housed in a subsidiary or not), as defined in MFRS 3 Business Combinations. A partial gain or loss is recognised when a transaction involves assets that do not constitute a business, even if these assets are housed in a subsidiary.

The adoption of this standard is not expected to have any significant impact to the Bank.

NOTES TO THE FINANCIAL STATEMENTS FOR 30 JUNE 2024

2 AUDITOR'S REPORT ON PRECEDING ANNUAL FINANCIAL STATEMENTS

The auditor's report on the financial statements for the preceding financial year ended 31 December 2023 was not subject to any qualification.

3 SEASONAL OR CYCLICALITY FACTORS

The business operations of the Bank have not been affected by any material seasonal or cyclical factors.

4 UNUSUAL ITEMS DUE TO THEIR NATURE, SIZE OR INCIDENCE

There were no unusual items affecting the assets, liabilities, equity, net income or cash flows of the Bank during the financial period ended 30 June 2024.

5 CHANGES IN ESTIMATES

There were no significant changes in estimates arising from prior financial period/year that have a material effect on the financial results and position for the financial period ended 30 June 2024.

6 ISSUANCE AND REPAYMENTS OF DEBTS AND EQUITY SECURITIES

There were no cancellations, repurchase, resale or repayments of debt and equity securities during the current financial period under review.

Retained profits	1,032,842	1,032,842
Other disclosed reserves		
Unrealised gains and losses on FVOCI		
financial instruments	972	836
	1,169,614	1,169,478
Less: regulatory adjustments		
- Deferred tax assets	(3,289)	(4,032)
- 55% of cumulative gains of FVOCI		
financial instruments	(534)	(460)
- Regulatory reserve	(1,913)	(834)
Total CET I and Tier I capital	1,163,878	1,164,152
Tier-II Capital		
Loss allowance for non-credit impaired exposures/ collective		
assessment allowance*	6,462	7,793
Regulatory reserve	1,913	834
Total Tier II capital	8,375	8,627
Total capital	1,172,253	1,172,779
*Forbular lifetime FCL Condit household (Change 3) leave (calleging		

^{*}Excludes Lifetime ECL Credit Impaired (Stage 3) loans/collective assessment allowance on impaired loans restricted from Tier-II Capital of BAMB of RM6,167 (31 December 2023: RM7,274).

Total risk-weighted assets:-		
Credit risk	1,495,753	1,393,523
Market risk	2,079,063	947,705
Operational risk	559,139	478,728
Total RWA	4,133,955	2,819,956
Capital ratios		
CET I capital ratio	28.154%	41.283%
Tier I capital ratio	28.154%	41.283%
Total capital ratio	28.357%	41.589%

Total capital and capital adequacy ratios of the Bank are computed in accordance with BNM's Capital Adequacy Framework (Capital Components) guidelines issued on 9 December 2020. The Bank has adopted the Standardised Approach ("SA") for Credit Risk and Market Risk and Basic Indicator Approach ("BIA") for Operational Risk.

NOTES TO THE FINANCIAL STATEMENTS FOR 30 JUNE 2024

34 FAIR VALUE OF FINANCIAL INSTRUMENTS

Financial instruments comprise financial assets, financial liabilities and off-balance sheet financial instruments. Fair value is the amount at which a financial asset could be exchanged or a financial liability settled, between knowledgeable and willing parties in an arm's length transaction. The information presented herein represents the estimates of fair values as at the balance sheet date.

Where available, quoted and observable market prices are used as the measure of fair values. Where such quoted and observable market prices are not available, fair values are estimated based on a range of methodologies and assumptions regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows and other factors. Changes in the uncertainties and assumptions could materially affect these estimates and the resulting fair value estimates.

A range of methodologies and assumptions had been used in deriving the fair values of the Bank's financial instruments at balance sheet date.

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, as derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The following table presents the Bank's financial assets and liabilities that are measured at fair value.

BANK OF AMERICA MALAYSIA BERHAD (Incorporated in Malaysia)

STATEMENT OF DECLARATION

To the best of our knowledge, the accompanying Statement of Financial Position of Bank of America Malaysia Berhad as at 30 June 2024, and the related Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and explanatory notes for the period ended on that date had been prepared from the Bank's accounting and other records and nothing has come to our attention that causes us to believe that the condensed interim financial statements are not presented fairly in all material aspects in accordance with the Malaysian Accounting Standards Board ("MASB") approved accounting standards in Malaysia for entities other than private entities and Bank Negara Malaysia Guidelines.

For and on behalf of, Bank of America Malaysia Berhad

Chief Financial Officer Wong Poh Leng 24 July 2024
